MAHONEY ACCUSED OF TRICK

Denial of Motive
by Attorney

FOLLOWED BY ODD TALK

Contradictory Statements of
Witnesses of Sharp
Manipulation

Publicity given Democratic Chairman Mahoney's scheme to assist the mayor in naming republican election clerks, by the Tribune yesterday, defeated the plan at last evening's council meeting. The republican adherents were all on their guard when the nominations were handed to the clerk to be read and had the republican nominations not been those handed in by Republican City Chairman Rawlinson there would have been something stirring in the council chamber.

Before the list was read City Attorney Mahoney arose to make an explanation of the law and took the opportunity of attempting to square himself in the eyes of the aldermen for the political blunder he had made in submitting to the mayor not only the democratic list of inspectors but also a republican list.

Mr. Mahoney denied that he had submitted a republican list. He put it this way, "All the names I submitted to the mayor were democratic nominees." The city attorney then went on to state that he had handed to the mayor more than the required number of names so as to give the mayor a choice, while the republican city chairman had only given to the mayor just the required number of names so that the council would have to approve these names or the wards would be without republican election clerks.

City Chairman Rawlinson, who was in the council chamber during the proceedings, was seen afterwards and confirmed the report printed in the Tribune that Mr. Mahoney had given the mayor a republican list of names in addition to the democratic list.

"The first time I went to see Mayor Torrance about the nominations, he told me that Mr. Mahoney had handed in a list of republican names. The mayor had not read the law and thought he was to pick the republican clerks from lists handed in by both chairmen. I told him then what the law did provide, that each party in reality picked its own clerks and he seemed much surprised. 'Then I have no choice in the matter,' he said. 'No, sir,' I replied and that ended the talk."

"Later," continued Mr. Rawlinson, "I met Mr. Mahoney in the court house and asked him what he meant by submitting a list of republican names to the mayor in addition to his own democratic list. 'Oh, I thought you fellows might make an oversight and wanted the mayor to be prepared when the time came to choose the inspectors and clerks.'"

A. E. Bleckman, Jr., was present when the above conversation took place and this morning verified Mr. Mahoney's admission that he had handed the mayor a republican list.

This Country Must
be Very Firm

WASHINGTON, Feb. 10.—Rev. Dr. Lyman Peet, for eighteen years head of the Foo Chow college in China called upon the president this morning. The president questioned him closely regarding the boycott.

Peet said: "Conditions are growing rapidly worse from the American business standpoint. A large number of riots are instigated by officials who pretend to afford Americans protection, but do not advocate the admission of coolies. This government should first of all, in dealing with Chinamen, use firmness. The Chinese accept the least hesitation as fear. The firmer we act the more friendly they will become."

MRS. MOSHER PAYS REWARD

And Then Begins to Think
it is Funny Stolen
Goods Come Back

A pair of jewel-inlaid opera glasses stolen from the residence of Mrs. M. E. Mosher a couple of weeks ago when all the family jewels were taken, were returned this morning by a boy, who asked and received a cash reward.

This is the third article which has been recovered by Mrs. Mosher since the robbery and in each case a cash reward was paid.
As a result of the finding and return of the stolen jewels a theory that it was not professional burglars but a boy or boys of the city who robbed the house, seems more plausible.

The boy who returned the opera glasses this morning said he had purchased them at the theatre. Mrs. Mosher did not ask him how he knew they were her property. She was too overjoyed at their return and after giving the boy some money allowed him to depart without further questioning.

LENROOT BUILDS LOCAL "FENCES"

formally with Mr. Lenroot. Leading republicans from other cities and towns in this congressional district are expected on the early evening trains, and leaders from the third congressional district may also be here during Mr. Lenroot's stay.

It is probable that a conference with several of the local republican leaders will be arranged for tonight or tomorrow. Mr. Lenroot will be here until late tomorrow night or Monday morning.

"Prexy" Defied by Sophomores

Kalamazoo, Mich., Feb. 10.—President Slocum, of Kalamazoo college, and the sophomore class are apparently in a deadlock over the kidnapping of Clancy Thomas, president of the freshman class. President Slocum called the sophomores before him and demanded that Thomas be returned at once. The alternative was to be criminal prosecution and the expulsion of every student connected with the kidnapping. The sophomores decided not to accede to President Slocum's demands. They took the ground that this was purely a matter between the classes and that the president should not have interfered.

They announced that Thomas was safely hidden where it would be impossible for any one to get him in time for a scheduled freshman party last night. The sophomores refused to give the names of the students directly concerned and decided unanimously to leave college if any member of their class should be prosecuted or expelled.

Weather Somewhat Improves Things

New York, Feb. 10.—R. G. Dun & Co.'s Weekly Review of Trades says: Distribution of heavy weight wearing apparel, fuel and other seasonable merchandise expanded rapidly in response to the more normal temperature, but one week's business has not depleted the accumulation of last month, and retail stocks of these goods are still burdensome. Reports are much more satisfactory, however, and an impetus has been given to wholesale trade in spring dry goods, and other forward business depending upon confidence in continued national prosperity. Jobbing returns and manufacturing statements indicate little idle capacity, the leading industrial plants having added to their already heavy contracts on hand.

Mercantile collections are prompt as a rule, although some extensions are asked. Commodity prices are fairly steady, no important valuations occurring during the past week. The only adverse development of the week was the less pacific news from the coal fields, although a strike may be prevented by agreement any time before April 1.

Failures this week numbered 229 in the United States, against 256 last year, and 29 in Canada, compared with 27 a year ago.

Sometimes ten more customers in a store would turn the scales from a losing day to a profitable one—and, as a rule a few inches of advertising space would secure the ten additional customers.

STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

Pe-ru-na Cures Catarrh Wherever Located.

Pe-ru-na a Necessity in the Home.

J. B. Alexander, Publisher of the "Fruit and Floral Guide, A Magazine of Horticulture," published in Hartford City, Ind., says of Peruna:

"I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was seldom able to go out in cold weather.

"About one year ago I was advised to try Peruna, which I did, and I am now entirely well of the catarrh.

"Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh.

"I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine."—J. B. Alexander.

Pe-ru-na is a Systemic Remedy.

If Peruna will cure catarrh in one place, it will cure it in any other place, because it is a systemic remedy.

Pe-ru-na Always on Hand.

Mr. Fred Schnell, Lakeview, Erie Co., N. Y., writes:

"I had been a sufferer for more than thirty years with catarrh of the intestines. I had used a great deal of medicine to no avail, so I decided to try Peruna.

"I have now used thirteen bottles and can give you the joyful tidings that I have no more trouble. I always keep Peruna on hand."—Fred Schnell.

The people generally are very much misinformed as to the nature of catarrh.

Catarrh is usually believed to be confined to the head, nose and throat. Later on we sometimes hear of catarrh of the stomach and catarrh of the bladder. Seldom, if ever, do we hear of catarrh of any other organs.

It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

Had Catarrh Thirty Years.—Pe-ru-na Cured Him.

Mr. Gustav M. Schmidt, Spring Valley, Ill., writes:

"I had catarrh of the head and throat for over thirty years. It became worse every year.

"About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind.

"You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."—Gustav M. Schmidt.

Dr. Hartman Makes Personal Use of Pe-ru-na.

In speaking of his own personal use of Peruna, Dr. Hartman says:

"For a number of years my professional duties have compelled me to be much on the road, traveling long distances by rail, night and day, exposed to all kinds of vicissitudes, sleeping and eating in different hotels continually, and through it all I have preserved myself from any derangement of the body resulting from catching cold.

"At the slightest evidence of a cold, a few doses of Peruna invariably checked it."

Mr. Henry Schroeder, Route 2, Napoleon, O., writes:
"I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail.
"I took nine bottles of Peruna and two of Manalin and am now entirely cured.
"I recommend the medicine to all who are afflicted with this disease.
It is my household friend."—Henry Schroeder.

A Farmer's Talk to Farmers.

Before Dr. Hartman began the study of medicine he was a farmer boy. He was brought up on a farm in Southern Pennsylvania.

He belonged to that industrial, successful class of farmers known as the Pennsylvania Dutch, the best farmers in the world.

It was here that he early learned the lesson of pulling obnoxious things out by the roots.

Dr. Hartman's Method of Treating Catarrh.

Naturally, when he began the study of medicine his mind turned instinctively toward the removing of causes. He could not content himself with doctoring symptoms any more than his enterprising father could have contented himself by pulling off the tops of weeds to eradicate them from the soil.

The Doctor turned his attention early to the science of removing the cause of

At Work on the Farm.—Praises Pe-ru-na.

Geo. H. Thompson, Raleigh, Miss., writes:

"I have been cured of catarrh by your medicines, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every spring and summer.

"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had got where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything.

"I began taking your medicines, Peruna and Manalin. I then weighed 126 pounds, but after taking 17 bottles of Peruna and one bottle of Manalin, I weighed 166 pounds.

"I am now at work on the farm and feel well all of the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."—Geo. H. Thompson.

Admits Murder

Warren, O., Feb. 10. — Charles E. Deigen, charged with the murder of R. K. Lewis at West Farmington, has

made a signed confession to Prosecuting Attorney Wilkins. He had maintained his innocence until yesterday afternoon, when he broke down and confessed that he killed the wealthy farmer and stock dealer whose body covered with straw saturated with oil was found in his burning house three weeks ago. Deigen's story is that he had lent Lewis \$500 and that Lewis had agreed to sell him five acres of land nearby and a horse for \$850.

Two papers had been signed between them, one showing the agreement to sell the land and the other showing a payment of \$700 on the land and \$100 on the horse. The night of the murder he met Lewis and walked home with him. Deigen demanded a deed for the property or his money back. Lewis refused both, and offered land elsewhere. Finally, Lewis picked up a log of wood. "I don't know whether he was going to hit me with it or put it in the fire," says Deigen. "But I picked up a round, smooth, log and hit him over the head with it. Then I hit him three times more."

The funeral of M. J. Leffingwell was held this afternoon from the residence at 1116 Gillette street. Rev. W. J. Turner of the North Presbyterian church officiating and Wm. Dwyer in charge. Interment was made in the Oak Grove cemetery and a large number of friends and relatives followed the remains to their final resting place.

Dr. W. Powell, diseases of women.

AT THE THEATRES

The Orpheum vaudeville company resumed its performances at the theatre tonight. The show is an excellent one, and has attracted much notice in outside towns where it has been presented during "filled" dates here.

The Bijou's vaudeville show this week has been the subject of much complimentary comment. This afternoon the management entertained the children at a matinee performance.

The swellest show of the season is to appear at the theatre next Tuesday. It is the "College Widow" by George Ade, and eclipses "A County Chairman" and other successes written by this celebrated humorist.

Never before has an entertainment been offered to the La Crosse public possessing such a peculiar fascination for old and young as "Alice in Wonderland." The author has naturally introduced a great many favorites, but the bright sayings and actions most happily present the peculiar individualities of each and the bright and catchy music and effect of the choruses rendered by 200 voices is beautiful beyond description. The effective costuming of the large double cast of characters, together with the introduced specialties, make the entire production a most brilliant spectacle. The fairy extravaganza

Mr. W. W. Baker, of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which

I did; and thanks be to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." Sold by O. T. Erhart.

The heart be cold the while
As Zembla's sparkling icicle."

The week has not been so bad after all in a social way. People begin to realize that the days of gaiety are drawing to a close and are as usual crowding in all they can before the Lenten season. There have been many pleasant home affairs, several church suppers, Dana's band concert, the grocers' ball and board of trade banquet and the dedication of the Third ward engine house. Invitations have been issued for large dancing party at Masonic temple by Mr. and Mrs. J. B. Funke and Mr. and Mrs. Frank N. Funke Thursday evening the 15th. At the opera house there will be a line of attractions all of the week and for a while the welkin will ring and there will be no dearth of entertainments of all sorts.

The entertainment was varied with several interesting stunts which proved pleasant diversions. The first was the drawing of a map of Wisconsin at which Mrs. John James carried off the prize. W. C. T. U. HAVE WINE AT WEDDING

Chicago, Feb. 10.—The statement of Frances W. Graham, president of the state W. C. T. U., of New York, that "whether or not wine is served at the wedding breakfast of Alice Roosevelt is none of the Woman's Temperance Union's business," has been met with general resentment by temperance workers in Chicago. Miss Lucy Page Gaston expressed her views in plain terms.

"I cannot but regret that the president of the New York branch has taken such a stand, for I feel that it weakens our position nationally," she said. Miss Helen Hood, editor of The Watch Tower, at first could not believe Miss Graham had taken such a stand. Indignantly she rejoined to the written words of Miss Graham: "Indeed it is the business of the W. C. T. U., and I cannot imagine what Miss Roosevelt's wedding is a national affair."

CALLING DOWN McCALL.

Our good friend McCall "got his." A committee of the New York Life has reported that his "expenditures" for "fixing legislatures" were dishonest, and has intimated that prosecution should follow.

The committee also said that neither McCall nor Hamilton, whom "Senator" Dewey called his "industrious friend," has been ill as reported, the inference being that both these worthy gentlemen were "playing possum" to escape censure. The old but no longer effective "sympathy racket!"

Bully for the public! The only able bodied regret most people will experience is that our worthy friend Lawson did not succeed in securing control of the New York Life, as well as of the Mutual and the Equitable. The evidence is conclusive that all three insurance companies are in dire need of some sort of "control." Government control would contribute to their health and good behavior.

MAHONEY'S SHARP MOVE.

The advantage sought by City Attorney Mahoney in attempting to name the election officials for both parties was not an unusual expedient for a political partisan. Had he made it "stand up," he would be entitled to credit for an astute piece of work, from a political standpoint.

Mr. Mahoney is a close student of the law, and the impression republicans have that he has misinterpreted the law may be erroneous, but the statute seems to be plainly against him. If so, he will not be able to accomplish his purpose.

However, there is no reason why Mr. Mahoney should be adversely criticised for seeking that sort of political advantage which all parties readily accept when dealing with an unwary opponent.

BLEAKMAN COMING ON.

Della Dalton is no less an infamous character because she was acquitted by a "jury of her peers." No doubt she should have been convicted, and we do not anticipate any libel suits for saying as much.

However, the trial added to the impression that Mr. Bert Bleakman, a very young attorney, is becoming an astute and convincing criminal lawyer. In the gradual decline of his father La Crosse lost the services of a conscientious and able counsel, but it appears that the name of "Bleakman" is still to remain upon the map.

HIGH CHAIR PHILOSOPHY

TO OUR MOTHERS.

Responses to the Tribune's plea to mothers to give us their bright child stories for publication have been liberal, and we take this method of thanking those who have so kindly contributed. Those whose stories are not published this week will, we hope, forgive us. We have not space to publish all, so we numbered them in the order of their receipt and followed that order in printing them. Those that do not appear in this issue will be published in their regular order. We cannot too strongly express our desire for a continuance of contributions to this column, which we believe furnishes delightful entertainment to all lovers of children and child life. (Write or phone stories to Mrs. A. M. Brayton 1122 Main street, new phone 814C.)

THE PUBLISHERS.

A Precocious Child.

A popular bachelor maid of La Crosse was calling on her little nephew, and the young man was in the throes of his catechism lesson.

"Who," asked the fond parent, "who was the first woman?"

"Antie," said that discerning boy.

Ned's Compromise.

Ned objected to nurse burning his broken toys that just would litter the floor. "If you do," he said, "I'll never give you any more of my candy."

"I have 5 cents," said nurse, "I'll buy some for myself."

Ned felt that the tables were turned; if he was stingy with nurse she would buy that candy and eat it all

herself, an unbearable idea. But Ned was not willing to forgive so soon, so he decided to compromise between revenge and his sweet tooth by the following bit of diplomacy:

"Well, I guess I WILL give you one piece in the morning and one at night," he said.

Buster Brown.

A real little Buster Brown of La Crosse (let us hasten to explain that he is a Buster Brown only in dress) voluntarily assisted his mother to entertain some lady callers by telling about the latest escapade of the notorious Buster. He recounted how Buster and Mary Jane read the spook book, and he was much incensed on being interrupted midway in his narrative by a laugh occasioned by his unique treatment of Mother English.

"Taint time t' laugh," he asserted. Faces dutifully straightened themselves out, and the adventures of Buster ran on and on, the recital ending with an abrupt jerk that left the ladies exchanging doubtful glances and undetermined as to whether the end had come. Buster experienced all the sorrow of the actor whose "stunt" falls flat, but more resourceful than the latter, he extricated himself by the announcement: "It's time to laugh now."

Needless to say, Buster "got a hand."

The "Wise Guy."

Margaret's older sister told her the story of "The Three Wise Men of Bethlehem," which proved intensely interesting to the 3-year-old. Next day the tot turned up with the demand that sister "tell story."

"What story?" asked sister.

"O, that one about the three wise guys," was the startling reply.

The Tribune is the only La Crosse paper that stands for the interests of the whole people.

JUST LIFE

SMILES.

We find, in looking over the "copy" of the festive society reporter, the following sentiment which we believe indicative of the social spirit in far too many instances:

"Tis said that lips may wear a smile, The heart be cold the while As Zembla's sparkling icicle."

In order that our impulsive readers may not be misled into icy smiling as a mark of social distinction we add the following from our own experience:

But pray let no such smile beguile, 'Tis eyes and heart, not lips, that smile; And smiling lips are fickle.

"At Lodge."

Ah! how hasty is the dawn Oh! how soon the night is gone When a fellow's out "a goin'" with the boys.

Ah! how quick the cash is spent, How you wonder where it went, How the thought of unpaid bills at morn annoys.

A stubborn man is not unlike an argumentative woman.

Proof that La Crosse is a good, old German town is found in the awarding of all prizes to Kirchels' Hamburgs, at the Indianapolis National Poultry show.

This is the monthly gala day at the "Captain's office."

Yesterday we read that the Peoria Baptists would refuse to bury Rev. Simmons, the suicide, from their church, where he had been the pastor. We thought we saw in this one reason "why some men do not go to church." However, the Christian element won. Rev. Simmons' funeral was held at the church.

It seems the Old Nick has got into Longworth, that he should get sick at this important time.

Now is the time for the coal consumer to figure how much the strike is to cost; for the festive consumer must pay.

Count Boni has the good sense not to talk about his wife, anyway.

The sophs of a Michigan college have kidnapped a freshman and refuse to reveal his hiding place. Now if someone would kidnap about twenty of the sophs perhaps the college would retain its standing.

The supreme court has settled Hoch's coffee.

The quality of men Lawson is calling on for aid in his war on the system is indicative of the good judgment that made him a multi-millionaire.

Now let everybody with a normal site come forward, and remember, double the price, so you'll be sure not to sell it.

What is the Swan & Skylark

"What is the 'Swan and Skylark'?" was the question propounded to Conductor Wiley. His reply was characteristic.

"What is the 'Swan and Skylark'?"

Can you describe a sunset? Can you paint one? Did anyone ever see on canvas a sunset that did not look

tawdry and unreal in comparison with the original? Just so it is impossible for me to describe 'The Swan and Skylark.' It is fine painting made real; it is vivified sculpture; it is living art and such a masterpiece as to hold one spellbound."

This composition by A. Goring Thomas is a fine type of the rich, modern English school first appearing in 1894. The theme is one which has been beautifully elaborated in the mythical legends of many lands its foundation being the story of the song of the dying swan as contrasted with the triumphant strains of the skylark, the type of throbbing newborn life.

The text of the work has been compiled from the writings of Hermans, Keats and Schelly and is highly poetic. The music score is an exquisite, rich tone picture portraying the lament of the poet, the chant dirge chorus, the death anguish of the "Swan," the carol of the glad "Skylark," and the mighty response of the chorus of life. The role of the poet is given to the baritone voice and is intensely dramatic. Mr. Alfred Wiley will sing the solos in this part to which his voice is admirably adapted. The part of the "Swan" is an extraordinary fine piece of writing for the tenor voice and Mr. Cowper's superb lyric organ will undoubtedly arouse great enthusiasm, the solo "Farewell O Life and Love" with chorus accompaniment never failing to excite a great furore. The part of the "Skylark" naturally finds its expression in the soprano voice and in the person of Miss Bussert we have the rare good fortune of hearing one of the really great soprano voices of the present day. Miss Bussert is an unusually attractive young woman who has gained her high position in the world at the remarkable age of 23. The role of narrator has been assigned to the contralto voice and while not a large part is a difficult and important one. Miss Edith Hall will the contralto soloist of Gethsemane church, Minneapolis, is to sing this role and will give a good account of herself.

The Prohibition Theory on Beers

Has been weighed in the balance and found wanting. The great scientists of all Nations after careful analysis declare that beer brewed from pure barley malt and hops contains only about 3 1/4 per cent of alcohol or just enough to mildly stimulate the body and promote healthy digestion. Dr. Bauer, the German analyst (whose fame is international) says "Beer has a number of pleasant and valuable qualities. No other beverage contains such a combination of useful properties. The water of it quenches the thirst, the carbonic acid refreshes, the extracts are nutritious, the alcohol further digestion, the mineral salts build up the bones and extracts of hops act as a tonic."

Dr. Bauer's statement here given exactly describes the qualities of

Gund's Peerless Beer

Its commanding superiority over all American brews was proven at the St. Louis World's Fair where in open competition with the best America can produce it won the Gold Medal. Peerless has been brewed for over 50 years from the best Malting Barley and finest Bohemian Hops by the world-famous "Gund Natural Process" and has won its high position solely on account of unadulterated genuine honest merit. Sold at all places of public resort and generally found in the homes of our very best people. Telephone, write or call; a case will be delivered to your home at once.

COUNTY MEDICAL SOCIETY SLAPS CITY'S SANITATION

**Memorial to Council Deplores Con-
ditions Which Permit Incuba-
tion of Disease.**

The city sanitary policy was severely arraigned in a memorial presented to the council last night by Dr. Edward Evans in behalf of the La Crosse County Medical society, of which he is a member. A large percentage of the disease in the city is attributed to carelessness in failing to observe ordinary sanitary rules.

The city water supply is denounced first, the absolute need of a filtering system being pointed out in strong language, and it is also charged that there is no attempt to protect the people against contaminated milk.

Dr. Evans recited one case called to his attention where a woman milk dealer who had typhoid fever in her family continued to peddle milk with the result that four other cases resulted and one of the afflicted died.

The great need of an isolation hospital is also pointed out and other suggestions made are for more sanitary school buildings, a method of disposing of garbage, and continual sprinkling of streets during the summer season.

The Cass street sewer outlet will be extended 200 feet into the river with steel pipe. It has not yet been decided whether the board of public works will do the work or whether it will be done by contract.

The public library asks \$500 more to increase the efficiency of the institution.

Theodore Ritter was elected north side weighmaster to succeed the late Mr. Gardner.

Alderman Downs asked regarding a bill of \$5 for election officials, it being his impression that the legislature passed a bill changing the fee to \$3. City Attorney Mahoney said the matter was left optional with the cities. The resolution carrying the five dollars was passed, thereby establishing the fee.

Alderman Hirschheimer presented for its first and second readings an ordinance providing for the painting of all poles in the city limits for a distance of 12 feet from the ground, before July 1, 1906. The measure also absolutely prohibits the posting of bills on any of these masts.

The committee on judiciary reported on the project of causing the removal of one of the Listman Mill company's buildings from the public landing at the foot of King street. The committee reported in favor of an extension of time until March 31.

The council adopted the report of the judiciary committee recommending that the board of public works make a demand upon the Wisconsin Light and Power company to pay within ten days the amount due the city for tearing up the brick paved streets when its wires were put underground. The city attorney was authorized to commence an action against the company to recover in the circuit court if the amount is not paid within the time specified.

The resignation of Alderman Winters of the Seventeenth ward was read and accepted. DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. She was arrested for intoxication at the Milwaukee depot Wednesday afternoon at 4:30 o'clock by Detective Raesle, who sent her up to the station in the patrol wagon. She was in almost as bad a condition as she was when taken into a Dubuque hotel Wednesday morning. Here she had to be put to bed and was taken care of by a couple of bell boys. In police court yesterday she was too sick to appear before Justice Zimmerman, who passed on her case with the usual ten days for intoxication. The young woman was in the throes of hysteria as a result of the mortification attendant upon the effects of her frolic.

STEPHEN MARTINDALE, EAR- LY LAWYER, CROSSES RIVER

**Was One of the Pioneers of Practice
in Western Wisconsin--Funeral
on Monday**

In the sudden death of Stephen Martindale yesterday barely two months after the death of his wife, the city loses one of its most prominent citizens. Mr. Martindale had resided in La Crosse for 52 years and at all times had been regarded as one of the city's sterling businessmen and in his early years was a most enthusiastic worker in civic and other organizations.

Deceased was 82 years of age and a descendant of revolutionary patriots with a long line of American lineage extending back to 1685. He came to La Crosse from Vermont and engaged in mercantile and lumber business in connection with his law practice. For the past 30 years he has devoted himself to the loan and insurance business, being active in business affairs up to the day before his death.

Mr. Martindale married Miss Catherine J. Howard, a native of Benson, Vt., Oct. 11, 1855. She was born in 1825, a daughter of Maj. Edward S. and Anna Meeker Howard.

They had two sons and one daughter, Anna H., Stephen, Jr., and Edward Seymour Howard. Stephen Martindale, Jr., is a La Crosse insurance man, being district manager of the Northwestern Mutual Life Insurance company. Miss Anna H. Martindale is a resident of La Crosse, having lived with her father and

**GREAT PLANT
OF WESTERN
HAMMOCK CO.**

**IT SELLS GOODS THE
WIDE WORLD
OVER**

"I see a La Crosse tag on those
hammocks; were they made in La
Crosse?" asked a well known busi-
nessman of this city who happened to
drift into a store in Los Angeles last
fall.

They were, The Western Hammock
company of this city manufactured
them. The gentleman did not know
that La Crosse had such a concern,
and on his return he visited the busy
plant located at 1206 Horton street.

"Why, they send hammocks from
Maine to California, and from Brazil
to the Dominion of Canada," said the
gentleman when recounting his visit.

In 1888 Mr. Henry Gundlach started
in this city a house devoted to the
manufacture of certain cloth fabrics.
In 1892 he made some changes in his
business, and incorporated "The La
Crosse Chenille Works," the business
maintaining a prosperous growth un-
til the year 1895 when Mr. Gundlach
reincorporated as "The Western
Hammock Co."

He built a spacious brick factory
three stories high and engaged in
the making of a particularly excellent
grade of hammocks. The special
merit of the goods lies in the fact
that though it costs considerable
more to operate, the fabrics are all
made with hand-power looms, insur-
ing a greater durability and a finer
finish than can be given by less easily
regulated and cheaper power.

The plant now employs ten skilled
laborers and other help, and is forg-
ing to the front. A capable force of
salesmen is selling the goods through-
out the country, and hammock deal-
ers in New Mexico agree with ham-
mock dealers in Oregon, and with all
hammock dealers, that there is no
where made a hammock that is quite
as good as those of The Western
Hammock Co.

In a recent letter to The Tribune,
Mr. Gundlach extended a cordial in-
vitation to the public to visit his fac-
tory. It will pay anyone to do so.
The process of manufacture is an in-
teresting one, and the visit will be an
eye-opener to anyone who cares to
become familiar with the producing
institutions of La Crosse.

**HARRY NEWBURG
IS NOT GUILTY**

Upon Prof. Hemmingway produc-
ing the Blue Book, which had been
hidden by him, Harry Newburg was
last night found not guilty in the
mock trial at the high school, of the
theft of the precious volume.

The big assembly chamber was jam-
med with interested spectators when
the case was called and most intense
interest endured throughout the pro-
gress of the trial, which was held un-
der the auspices of the Lincoln-Dou-
glas Debating society.

William Torrance, Jr., and Ford
Fuller defended "Happy" Harry,
while the prosecutors were Walter
Herrington and Ike Strauss. The evi-
dence was extremely interesting and
the arguments of the fledgling attor-
neys were strong.

The following composed the jury:
Glen White, Alfred Grams, Ray Thor-
son, Calvin Schwenker, William
Grimes, Math Hosly, Ed. Jorstad and
Henry Sprague.

"A truth looks freshest in the fash-
ion of the day." The fashion of the
day for store-truths is display type,
with liberal space for picturesque
effects.

HE'LL KNOW BETTER AFTER THIS

Boonville, Ind., Feb. 10.—"I want
a piece of tobacco of the kind you
chew," said Thomas Condit, a farmer,
to Miss Grace Lacy, a clerk in a store
at Folsomville. Miss Lacy was prompt
to average what she considered an in-
sult. Seizing a shovel, she felled Con-
dit to the floor and then beat him vig-
orously. When Condit escaped he came
here and swore out a warrant for the
athletic young woman.

She was arraigned, charged with as-
sault and battery. Condit's appearance
and his story caused the court to smile,
but as the facts were admitted, all he
could do was to fine the fair defendant
\$10. As she paid the money Miss
Lacy remarked: "It's worth the mon-
ey. But if I had known I would be
fined I believe I would have finished
him while I was at it."

WRECKING COMPANY KICKS

Milwaukee, Feb. 10.—Complaint has
been formally made to Customs Collec-
tor W. H. Devos, of Milwaukee, by
members of the firm of the Gillen
Wrecking company, of Racine, against
the Reid Wrecking company, of Sarnia,
Ont., in connection with the work
of that firm in raising the stranded
steamers Argo and Whitney in United
States waters.

Collector Devos has presented the
matter to the office of the United States
district attorney for this district, and
prompt action is promised by that of-
ficial. This step, it is said, may rise in-
ternational complications with Canada,
as the action of the Racine firm is the
outgrowth of business rivalry between
the Canadian firm and various United
States firms in the same line of busi-
ness.

ROBBED OF HER HONOR BY DEATH

Milwaukee, Feb. 10.—On the eve of
her installation as mother superior of
the convent of Notre Dame Mother
Emmerentia died at the convent after
an illness of some weeks. This
morning the chapel was to have been
the scene of the impressive service of
installation, when, with Mother Ma-
rianne, the mother provincial-elect, and
a number of other officers, Mother Em-
merentia would have been inducted
into her high office. Mother Emmeren-
tia was 62 years old. Her name in the
world was Eichhammer. She entered
the convent in 1860 and foreleven years
had been sister assistant to the mother
superior.

NORTH SIDE FINGER TORN OUT BY ICE TONGS

John Brabant nearly had one of his
fingers torn from his hand yesterday
afternoon while assisting John
Owens in putting up ice at the Moni-
tor brewery.

In some manner he got it caught in
the ice tongs, badly lacerating it. He
was pulled along several feet, the
tongs taking the nail off the finger
as they slid by and released him. He
at once went to the office of Dr. C.
W. Luck who dressed the member
and is now getting along nicely.

Crowd Hears Peabody

Berlin, Feb. 10.—Professor Francis
Greenwood Peabody, of Harvard uni-
versity, delivered his final lecture in
German yesterday, summarizing his
work here. The lecture was delivered
in the largest hall of the university,
the doors of which had to be closed,
turning many people away. After the
lecture Dr. Studt, the minister of edu-
cation, expressed the hearty thanks
and satisfaction of his ministry at the
important inauguration of the system
of exchanging professors, thereby in-
stituting an intellectual bridge between
the two peoples which ensures cordial
relations.

The rector of the university, Profes-
sor Diehl, proposed three cheers for
Professor Peabody, which were given
vigorously. Count von Schmettow, the
emperor's adjutant, was present in be-
half of the emperor, who sent the pro-
fessor his photograph with an auto-
graph. Professor Peabody and Mrs.
Peabody, and Mr. Dickie, pastor of the
American church here, and Mrs. Dickie,
sailed for New York today.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate

Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.

ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.

ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived.

The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

Why ORINO is different.

ORINO Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs

can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Biliousness and Sick Headache.

Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.

ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

OUR GUARANTEE

Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.

Prepared only by FOLEY & CO., Chicago, Ill.
